A MESSAGE FROM TRIBAL COUNCIL

Munahoo Neum,

Tzow Poohetheudeu, good April. Happy Easter and may you all be in good spirits this year! The first event at the new property in Auberry will be the Spring Gathering on April 9, 2022 at 11:00am. This event is open to the community, hope to see everyone there!

The tribe did in fact purchase the Oak View Terrace property located in Auberry. It was a huge accomplishment and is a major added asset for the tribe. The Tribal Council would like to recognize and give thanks to our Tribal Administrator, Tom Zizzo. Tom was deeply involved in writing and implementing the grant in which was used to purchase the property. The Tribal Council would like to congratulate the two new hires on the BSR team, in the CAP Department. Tribal Members, Saige Riley, and Alysha Orosco. They are going to be a great addition to the BSR team!

Finally, Tribal Council approved to increase the tribal discount from five cents to thirty cents per gallon. Please provide your tribal ID in the store to use your discount. If you need a new tribal ID, please make sure to set up an appointment with the Gaming Commission. Applications are available on the BSR website, at the tribal office, or you can call for one to be emailed or mailed to you. If you have any questions, please call (559) 374-0066. Like always, thank you for your time and energy, have a blessed rest of your month.

Head Start

Big Sandy Rancheria Tribal Head Start Program

This month our learning theme will center on recycling. Our teachers have collected items for the children to practice sorting. Many art projects this month will include recycled materials.

At the end of March the center was visited by Smokey the Bear! All our students drew a poster for the fire safety contest. They have also been practicing "stop, drop, & roll".

We will also have our annual easter egg hunt!

Parents with Head Start children moving on to Foothill next year: We will have information and TK/Kindergarten registration packets. Please be on the look out for flyers.

Dental health and your child:

Helping your preschooler establish a good oral health routine will lead to happy and healthy teeth. A healthy mouth helps to make kids feel good about themselves, can speak clearly, and can eat healthy foods.

- 1)** Brush twice a day with fluoride toothpaste. Remember to use a pea size amount and do not forget to floss! **2)** Visit the dentist when recommended, every six months. **3)** Limit snacks that are high in sugar.
- 4)** Be a role model! Make sure to brush and floss with your child!

Environmental Action!

Environmental action is any action we take to help the environment combat climate change, water and air pollution, and share traditional ecological knowledge. Spring is the perfect season to create positive habits as a part of your families daily lifestyle. Snow melts, the air warms, flowers bloom, plants sprout, and the wind whips through the landscape, pushing the last heavy bits of winter off of our doorstep. Out of any season, spring transforms our environment the most. Change, growth, and newness are embraced by the land. One huge action you can make apart of your daily life is picking up litter. This is a classic action for the environment -- and for good reason! By collecting and properly disposing of litter, you're keeping debris from harming animal habitats and releasing toxins into the soil, water, and air.

What is Environmental Protection?

Environmental Protection includes programs that are aimed at reducing risks to the environment from contaminants such as hazardous materials and wastes, fuels, and oils. Environmental protection focuses on solving problems arising from the interaction between humans and environmental systems and includes issues related to conservation, pollution, loss of biodiversity, land degradation or environmental policy. The EPA is a federal agency whose mission is to protect human health and the environment. EPA works to ensure that: Americans have clean air, land and water; National efforts to reduce environmental risks are based on the best available scientific information; Federal laws protecting human health and the environment are administered and enforced fairly, effectively and as Congress intended. The EPA also empowers tribes to share their traditional knowledge, values, and customs that are used to protect the environment.

8 Activities to teach your kids about sustainability.

- Recycle.
- Pick up trash.
- Sort the garbage.
- Plant a garden.
- Make laundry products at home.
- Reuse items for crafts.
- Make home-made art items.
- Play outside

Be on the look out for our earth day booth, education handouts, and games at the Spring Gathering!

Earth Week

April 11th thru 15th

Earth Week is coming! During this week, the Environmental department will provide education related to climate change, surface/groundwater, and traditional ecological knowledge. We will also be collecting lightbulbs, batteries, and household/yard waste on a larger scale. Please contact us if there are bigger items you need to be collected.

BSR Housing Department

Greetings from the housing crew,

The Housing crew has been very busy this month working on the Family Services Building. We are also working on the Pow Wow grounds for the upcoming event. We completed the refurbish of a housing unit and are almost done with the three unit Emergency Housing Building. We have replaced some water heaters, washers and dryers, and have been cutting weeds for the upcoming fire season. The Housing department is always here if you have any needs, please contact Sal Terry at (559)374-0066 ext. 239. That's all for this month, see you around the shop!
