BSR Head Start

Big Sandy Rancheria Tribal Head Start Program

Big Sandy Rancheria has some wonderful community events coming up, and we wanted to share these resources with you. These events are a great way for families to connect, access services, and get support. Check out the details below, and feel free to reach out if you have any questions!

Staff from the local Department of Social Services will be available to help families enroll in Cal Fresh or medical at the Community Recourse Center in Auberry. If you have questions about benefits or need assistance with the application process, bring your documents and drop by for support.

The BSR Head Start and Social Services department are planning a "Car seat event". Certified car seat technicians will be available to check your car seat, ensure it's properly installed, and help answer any questions about safety guidelines for different ages. Please be on the look out for survey and a sign up sheet.

Did you know? The Auberry library offers free early literacy programs for preschoolers and caregivers. Stop by to explore Storytime, borrow books, and learn about the resources they have for children and families.

As temperatures drop, please remember to send your child with a warm jacket, gloves, and hat. We want all our little ones to stay cozy and warm during outdoor play.

BSR Environmental Department December 2024

Prevent soil Erosion during the winter months:

Soil erosion can be a big problem during the winter months. Snow and rain are the main problem of erosion. Your soil will gradually transform into gullies which will accelerate soil erosion.

Mulching—often acts as a soil insulator that helps to maintain soil moisture, and could be used as a soil stabilizer.

Sandbags— Use sandbags to divert water away from areas prone to erosion. You can get sandbags from your local County Yard at 33148 Auberry Rd. (559) 855-2626.

Retaining walls— Retaining walls can shield soil from erosion and keep water in the lawn or garden.

Environmental Winter Competition:

1. What are some climate change effects we see in our community?
2. What are some ways you can contribute to improving climate change effects?
3. How are Native communities more vulnerable than other communities when it comes to climate change impacts?
4. What can tribes do to build resilience against climate change?
5. What are some environmental programs that tribes can offer to their communities?

Answer each question with a minimum of 3 sentences. Once completed email answers to riley@bsrnation.com. Must answer all 5 questions to be considered. Deadline for submissions: Wednesday, December 18th, 2024. All submission will be entered into a raffle. Any questions please contact Rebecca Riley @ 559.374-0066 ext. 240.

What is Pollution?

Pollution occurs when an amount of any substance or any form of energy is put into the environment at a rate faster than it can be dispersed or safely stored. The term pollution can refer to both artificial and natural materials that are created, consumed, and discarded in an unsustainable manner. There are things you can do to help the pollution. Choose a fuel-efficient vehicle, save energy by turning off lights, tv, computers, buy energy efficient appliances. Use environmentally friendly cleaning products.

Surface Water

Surface water is any body of water above ground, including streams, rivers, lakes, reservoirs and creeks. Surface water is created primarily by precipitation and is also known as blue water. It is important for many reasons, including:

Drinking Water-Source of drinking water for people.

Irrigation-Used for agricultural irrigation.

Habitat-For aquatic plants and animals.

Wetlands-surface water is very important for wetlands.

Social Services

Social Services Department Update- Hi BSR Nation from the Social Services Department. Feel free to reach out if you have questions about a particular program or event to either our Social Services Coordinator, Stephanie Casillas, at sscoord@bsrnation.com or 559-374-0066, ext. 242, our Case Manager Jazmine Garcia at ssbsr1@bsrnation.com or 559-374-0066, ext. 215 or Kip Bowmar, the Director of Planning and Development at pddirector@bsrnation.com or 559-955-1163. The Social Services Department works to support BSR's Tribal families by ensuring they have services, assistance, and support. By working with each individual and family we can identify their unique needs and help access resources to address them. Specific programs include:

ICWA- BSR will intervene in eligible child dependency cases involving Tribal Members and their children. This includes Tribal representation in court, case management, and service referrals.

Victim Advocacy- This includes connecting people with resources and helping them connect with culturally appropriate services available through BSR as part of the healing process.

Tribally Approved Homes- Federal law allows Tribes to approve or license their own foster homes. BSR has been active in advocating for child welfare and recognizes the need for appropriate tribal foster and adoptive homes. Families or individuals who would like to learn more can reach out to Social Services Department staff.

Flexible Family Supports- For families and individuals that are already approved as foster care homes, there are additional resources available to cover expenses like respite care, participation costs for children in enrichment activities including sports and arts that benefit the child's development, and activities that are designed to support a successful placement.

Substance Use Disorder Services- Counseling, both one-on-one and in group sessions from a certified counselor for substance use disorder is now available at the Community Resource Center (CRC) located at 33041 Auberry Road. The program is operated in partnership between Fresno American Indian Health Project (FAIHP) and BSR. Call 559-320-0490 ext. 605

Partnership with Community Allies- In addition to partnering with FAIHP, BSR is also partnering with FAIHP in the Medicine Wheel 12 Step Classes that are held every other Tuesday from 12-1 and the Sacred Circle every other Tuesday from 2:00 to 5:00. Both classes are offered at the CRC.

Community Car Seat Installation Events— Jazmine Garcia is now an authorized car seat technician and Stephanie Casillas will be attending classes January. Shortly after that will be hosting car seat installation events at BSR. Look for more information in future newsletters.
